PROJECT BACKGROUND

Start Bangladesh Hub (SBH) is the national humanitarian hub of Start Network in Bangladesh - a locally led platform of national and international NGOs working collectively to strengthen humanitarian preparedness, anticipatory action, emergency response, localization, and collective action. As SBH transitions towards becoming a more structured, sustainable, and legally recognized humanitarian organization, dedicated Finance and Procurement Policies are needed to complement its existing Strategy, Governance Protocol, and Operational Framework, providing clear guidance for the effective stewardship of financial resources and procurement processes.

This proposal is submitted in response to the **Proposal request issued by Start Bangladesh Hub (SBH) for the appointment of a consulting firm to develop comprehensive Finance and Procurement Policies for the Organization.** We are pleased to submit this proposal and appreciate the opportunity to provide our professional advisory services to SBH.

OBJECTIVES OF THE ASSIGNMENT

The primary objectives of the assignment, as set out in the Terms of Reference (ToR), are to

- Develop comprehensive Finance and Procurement Policies that establish a clear, consistent, and accountable framework for the financial and procurement management functions of the Start Bangladesh Hub.
- Establish standardized policies, procedures, and internal controls for financial planning and budgeting, accounting, financial reporting, procurement planning, purchasing, contract management, asset management, and grant administration.
- Strengthen institutional accountability, transparency, fiduciary oversight, and compliance in all financial and procurement operations.
- Promote efficient, competitive, transparent, and value-for-money procurement practices while ensuring effective stewardship and responsible management of organizational resources.
- Reduce financial, operational, fiduciary, and procurement-related risks through the establishment of robust internal control systems and risk management measures.
- Enhance the Hub's institutional capacity to manage donor resources, meet compliance obligations, and support future organizational growth, legal registration, and direct management of grants and humanitarian funding.
- Ensure that the Finance and Procurement Policies are aligned with the Start Network's principles and values, Bangladesh's legal and regulatory requirements, donor expectations, and internationally recognized standards for financial management and procurement.

SCOPE OF WORK

A. Policy Review & Institutional Assessment

The consultant will:

- Review existing governance and operational documents, including:
 - Hub Strategy
 - Governance Protocol
 - Operational Framework
 - Assess current operational practices and institutional requirements.
- Review relevant legal and regulatory requirements in Bangladesh.
- Analyze good practices from Start Network members and comparable NGO networks.

SCOPE OF WORK (Cont.)

B. Development of Finance Policy

The consultant will develop a comprehensive Finance Policy covering:

- A. Financial Governance:** Establish a clear financial governance framework by defining the financial oversight and accountability mechanisms required to ensure sound financial management, including the roles, responsibilities, and authorities of the Board of Trustees, Executive Committee, management, and relevant staff members.
- B. Budget Management:** Provide comprehensive guidance on the organization's annual planning and budgeting process, including the preparation, review, consolidation, approval, implementation, and monitoring of organizational and project budgets.
- C. Financial Controls:** Establish a strong internal control framework designed to safeguard organizational assets and ensure the integrity of financial transactions.
- D. Cash and Bank Management:** Provide detailed procedures for effective cash and bank management, including the establishment, operation, and closure of bank accounts, cash receipt and payment procedures, petty cash management, and bank reconciliation processes.
- E. Accounting and Record Keeping:** Establish standardized accounting procedures that ensure accurate, complete, and timely financial recording and reporting, including the accounting system, Chart of Accounts, financial documentation standards, bookkeeping procedures, financial reporting requirements, and record retention policies.

SCOPE OF WORK (Cont.)

B. Development of Finance Policy (Cont.)

The Finance Policy will also cover:

- F. Audit and Compliance:** The organization's approach to internal and external audits, compliance monitoring, financial risk assessment and risk management.
- G. Fraud and Corruption:** Measures for the prevention, detection, reporting, and management of fraud and corruption, including confidential whistleblowing mechanisms.
- H. Sub-grant Management:** Financial management of sub-grants, including fund disbursement, financial reporting, financial monitoring and compliance mechanisms.
- I. Taxation:** Applicable tax laws, statutory obligations, tax exemptions where relevant, withholding tax, VAT procedures, payroll taxes, and compliance with national tax regulations.
- J. Fixed Asset Management:** Acquisition, registration, safeguarding, utilization, maintenance, physical verification, depreciation, transfer and disposal of fixed assets, including asset capitalization thresholds, asset tagging, custodianship and inventory verification.
- K. Resource Mobilization and Grant Management:** Financial management of grants and other funding resources, including fund management, budgeting, expenditure monitoring and financial accountability, while ensuring compliance with donor regulations and contractual obligations.

SCOPE OF WORK (Cont.)

C. Development of Procurement Policy

The consultant will develop a Procurement Policy that promotes transparency, fairness, competition, and value for money. The policy should cover:

- A. Procurement Principles:** Fundamental principles guiding all procurement activities, promoting transparency, accountability, fair and open competition, equal opportunities for qualified suppliers, and value for money.
- B. Procurement Planning:** Procedures for the preparation, review, and approval of annual procurement plans, incorporating anticipated procurement needs, estimated costs, procurement schedules, and funding sources.
- C. Procurement Methods:** Procedures and eligibility criteria for direct procurement, requests for quotations, competitive bidding, and framework agreements.
- D. Vendor Management:** Procedures for vendor registration, prequalification, selection based on objective eligibility and evaluation criteria, and due diligence covering legal status, financial capacity, technical competence, ethical standards, and compliance history.
- E. Procurement Approval Levels:** A clear delegation of authority framework, including approval thresholds and respective authorities responsible for reviewing and approving procurement requests, evaluation recommendations, contract awards, and purchase orders.
- F. Contract Management:** Procedures for contract preparation, legal review, approval, execution, and record management, with clearly defined roles and responsibilities of contract managers and implementing units.
- G. Conflict of Interest and Ethics:** Conflict of interest provisions, procurement integrity requirements, and anti-fraud and anti-corruption measures designed to prevent bribery, collusion, favoritism, coercion, and other unethical practices.

REPORTING & COMMUNICATION

Reporting Structure

ACNABIN, Chartered Accountants

**Hub Coordinator
Start Bangladesh Hub**

Key Coordination & Oversight

- Country Manager - SFB
- Chair, Executive Committee
- Co-Chair, Executive Committee

Alignment

Regular updates will also be shared with the **Start Network Secretariat** to ensure alignment throughout the assignment.

Why ACNABIN?

- **Established 1985, 40+ years of public practice** — an "A"-graded firm per Bangladesh Bank's evaluation, and one of only 39 firms empaneled by BSEC to audit listed companies.
- **Independent member of Baker Tilly International**, the 9th largest accounting network globally (126 member firms in 148 countries), applying ISA and IFRS throughout its engagements.
- **Extensive experience in statutory audits and assurance engagements** across the education, corporate, public, financial services, and not-for-profit sectors, with a strong focus on financial reporting, regulatory compliance, and governance.
- **Proven expertise in evaluating internal controls, financial management systems, and statutory compliance**, enabling institutions to strengthen financial governance, accountability, and operational efficiency.
- **A deep, qualified bench** — 8 partners (FCA/FCCA-qualified) backed by 214 professional staff including CA, CMA, and ACCA holders, plus in-house legal counsel — enough depth to properly resource a multi-phase, multi-stakeholder review like this one.

Independence: ACNABIN has strong system of Independence Compliance Testing. Prior to selection of the teams for auditing, we conduct an Independence Compliance Survey to ensure that the team members including the concurring partner do not have any direct or indirect interest or relationship with the auditee organizations that can adversely affect our independent opinion.

Conflicts Checking: Our Conflicts Check System is based on a database maintained in an automated register that contains up-to-date information on current and prohibited relationships. At the request of the engagement team, our database administrator i.e. The DGM-Administration generates a conflict status report from this database, and the engagement partner reviews the report and acts on its findings after discussing the issues, if any in the meeting of Board of Partners of ACNABIN. We have a system of daily partners' meet after the lunch break where such issues are discussed.

Maintenance of Confidentiality of Client Information: ACNABIN has clear internal directives with respect to the confidentiality of client-related issues. All information received during engagements is treated as confidential. All of the ACNABIN personnel, including administrative, support, and technical staff involved in the engagement, are strongly directed not to discuss matters relating to the engagement with anyone, including other ACNABIN personnel (except for members of their relevant client service team and authorized personnel of the applicable client or that client's representatives).

About ACNABIN

ACNABIN was formed in February 1985, with a mission to continually add value by helping clients succeed. The firm is in public practice for more than 41+ years.
